Attn: Deputy Director

Dear Mr. McMahon:

Please accept my sincere appreciation for the well-organized and fascinating briefing which CIA staff officer, [redacted] presented to the employees of TASC-McLean on 18 November 1985. This classified briefing, entitled "An Update of Soviet Acquisition of Militarily Significant Western Technology", provided us with a superb and detailed account of the many ways the Soviet and Eastern European countries obtain information and technology from us.

STAT

The presentation also provided insight into a broad spectrum of security awareness responsibilities which each person attending could readily apply to his/her own work situation. All those who attended were very interested in the subject matter. In fact, a good number of attendees kept [redacted] busy well past the scheduled time with a variety of questions.

STAT

I feel this type of briefing is an integral part of our requirement to keep security awareness in the forefront. We must maintain a secure work environment and assure compromises of any kind are kept to the absolute minimum.

Again, I want to thank you and your Agency for providing over 150 TASC-McLean employees with [redacted] excellent briefing.

STAT

Sincerely,

A handwritten signature in black ink, appearing to read "Leslie W. Bray, Jr.", is written over a horizontal line.

Leslie W. Bray, Jr.
Vice-President, TASC-McLean
